Favorite celebrity body parts — from Bella's eyes to Scarlett's boobs and Sabrina's waist — according to RealSelf doctors in North America

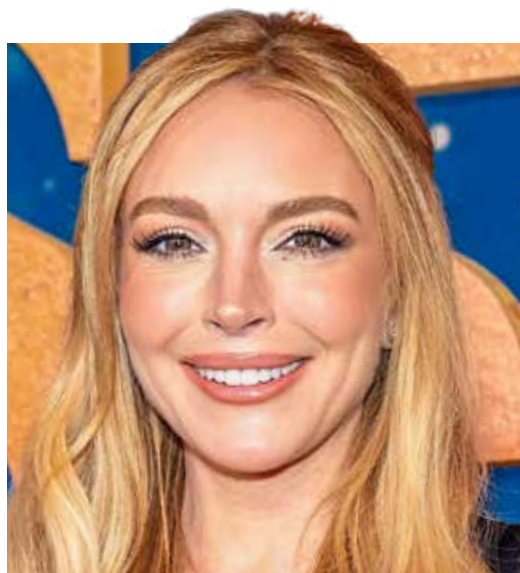

COLORADO

REQUEST
Scarlett Johansson's or Megan Fox's breasts

AVERAGE COST
\$10,000 to \$20,000

"When talking to patients about their inspiration breasts, we commonly hear the names **Megan Fox** and **Scarlett Johansson**," Dr. Gregory A. Buford reveals. "While Scarlett's breasts are larger and more voluptuous than Megan's, they both have a size that nicely fits and complements their frame. To achieve that magical, harmonious look, I often rely on a combination of several procedures, including the placement of breast implants to add global volume, fat grafting to add volume to specific areas of the breast and nipple reshaping to either add, remove or change nipple projection relative to the overall size of the breasts."

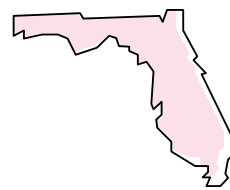

PENNSYLVANIA

REQUEST
Lindsay Lohan's natural-looking face

AVERAGE COST
\$18,000 to \$20,000

"Our prospective patients frequently mention the outstanding but very natural look of **Lindsay Lohan**," says Dr. Alan Brackup. "They are specifically asking for a deep plane facelift, which has been shown to achieve exactly that: beautiful but virtually undetectable facial rejuvenation."

FLORIDA

REQUEST
Sabrina Carpenter's waist

AVERAGE COST
\$7,299

"Patients often admire **Sabrina Carpenter**'s waistline and hips," Dr. Moises Salama tells *Us*. "I like to use rib remodeling as well as the more traditional techniques of liposculpture to help them achieve their goals."

NEW YORK

REQUEST
Kris Jenner's rejuvenated face

AVERAGE COST
\$35,000 to \$50,000

"In the New York metro area, many of my patients reference **Kris Jenner** after her recent weight loss, more subtle facial fillers and a deep plane facelift," Dr. Ran Rubinstein says. "She's become a symbol of graceful, confident rejuvenation. Her look resonates because it's elegant, lifted and natural. I approach deep plane facelifts with a focus on restoring youthful contours by repositioning deeper tissues rather than just tightening skin."

REQUEST
Vittoria Ceretti's breasts

AVERAGE COST
\$15,000 to \$20,000

"Many patients are drawn to [Italian model and **Leonardo DiCaprio**'s girlfriend] **Vittoria Ceretti**'s naturally elegant proportions," Dr. William Lao tells *Us*. "Having worked with runway and Victoria's Secret models seeking augmentations that enhance rather than dramatically alter their frames, I've found these same techniques benefit women from all backgrounds," the surgeon says. "I use an endoscopic transaxillary approach, placing the incision discreetly in the armpit to avoid any visible chest scarring."

TEXAS

REQUEST
Kylie Jenner's curves

AVERAGE COST
\$15,000 to \$20,000

Kylie Jenner is the most cited celebrity at this practice. "Patients admire her subtle yet sexy aesthetic — an athletic, refreshed appearance that looks amazing without feeling overdone," Dr. Johnny Franco says. "Her natural curves and balanced proportions, including a tasteful breast augmentation, create a harmonious silhouette that resonates strongly here. She represents a 'sexy girl next door' vibe. That attainable, balanced look is exactly what many clients strive for. They want to feel confident and sexy but still natural, not over the top." To create a Kylie-inspired result, Franco focuses on whole-body harmony. "For breast enhancement, we often use gummy bear implants to achieve soft, functional fullness that appears natural. From there, we sculpt the torso so that subtle curves flow from the breasts into the hips and down the legs."

"We always recommend a consultation with a board-certified plastic surgeon to outline a personalized plan and provide an accurate estimate," Franco says.

REQUEST
Scarlett Johansson's breasts

AVERAGE COST
\$8,000

"[Scarlett Johansson] embodies a refined, feminine physique that strikes the perfect balance between volume and proportion," Dr. Gary Lawton says. "Patients aren't chasing exaggerated size — they're after her classic hourglass shape and natural-looking cleavage." To emulate that outcome, he relies on a transaxillary, sub-muscular, dual-plane approach using an endoscopic system for precision. "This method allows me to place the implant under the muscle without leaving scars on the breast itself, preserving the soft, unoperated look patients associate with Johansson."

MEXICO

REQUEST
Cate Blanchett's face

AVERAGE COST
\$10,500 to \$13,000

"Many patients come in asking for a refreshed, elegant look inspired by Cate Blanchett," Dr. Nashielli Torres Espinosa Chiu tells *Us*. "They admire her timeless beauty, natural aging and graceful facial structure." The doctor helps patients achieve a similar look with a deep plane facelift. "My goal is to enhance facial harmony — not to change who they are."

WASHINGTON, D.C.

REQUEST
Anne Hathaway's or Margot Robbie's nose

AVERAGE COST
\$8,000 and up

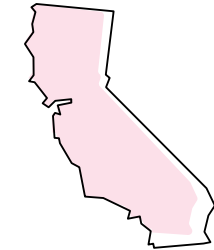

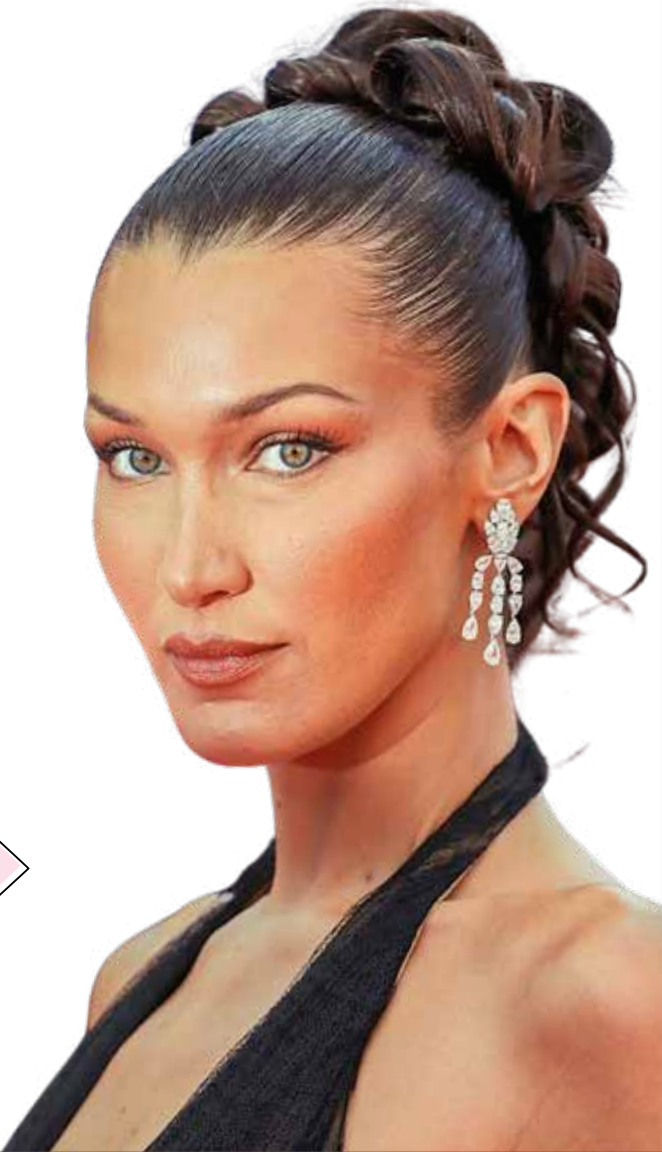

"I get a lot of requests for noses similar to Anne Hathaway's or Margot Robbie's," Dr. Lexie Wang, who specializes in primary and revision rhinoplasties, tells *Us*.

WASHINGTON

REQUEST
Bella Hadid's eyes

AVERAGE COST
\$15,000

"Patients from all over the country and even overseas will inquire, 'Can you do Bella Hadid's eyes?'" Dr. A.J. Amadi says. "Her pronounced canthal tilt [outer corners are higher than inner corners of her eyes] is a more exotic and desirable look." There are several possible ways to emulate this appearance, the surgeon says. "A canthopexy [moving the outer corner upward] can sometimes achieve [it]. The more predictable way is with a lower lid retraction repair with an internal graft and a lateral canthopexy."

CALIFORNIA

REQUEST
Alix Earle's or Emily Ratajkowski's breasts

AVERAGE COST
\$8,000 to \$25,000

REQUEST
Meghan Trainor's mommy makeover

AVERAGE COST
Starting at \$25,000

"My clientele, which consists mostly of post-pregnancy mommies, want to look like Meghan Trainor," Dr. Payman Danielpour tells *Us*. "Her breast and body transformation resonates with patients because it's real, it's transparent, and it's natural but looks amazing. But most of all, because I took an integral part in her transformation."

REQUEST
Kris Jenner's rejuvenated face

AVERAGE COST
\$50,000 to \$100,000

"Lately, many of our patients reference Kris Jenner as their inspiration," Dr. Dominick Gadaleta says. "Her recent glow-up is a masterclass in elegant, natural rejuvenation." He achieves similar results for his patients with "advanced extended-release deep plane facelifts, which reposition the deeper facial structures for longer-lasting, undetectable results."
